

Pre-Conference Workshop on Fatigue Life and Fracture Assessment of Steel and Concrete Structural Components [FFASC '23]

Organized by:

**CSIR - Structural Engineering Research Centre (CSIR-SERC), Chennai
& Society for Failure Analysis (SFA) Chennai Chapter**

Topics to be Covered:

- Fatigue & Fracture Studies on Large Size Structural Components
- Fracture Assessment of Nuclear Power Plant Components at Operating Temperature
- Structural Integrity Assessment and Health Monitoring of Civil Infrastructure
- Fatigue and Fracture Behaviour of Concrete Structural Components
- Structural Integrity Assessment of Nuclear Power Plant Components

Visit to Fatigue & Fracture Laboratory

Date: 21st August 2023
Venue: CSIR-SERC, Chennai

Registration Fee: Rs. 2000/-

Register Online at:
<https://www.icons2023.in>

For further details, please contact:

Dr. S. Vishnuvardhan / Dr. M. Saravanan
Coordinators, FFASC '23
