

3rd International Conference on Structural Integrity 23-25 August 2023, Mamallapuram

GUIDELINES FOR PREPARATION OF POSTERS

The posters should include:

1. Title of the poster and names of authors with their affiliations.
2. A brief introduction, objectives, experimental details and important conclusions in a logical sequence.
3. Clear explanations for the figures/tables.

Sizes and fonts

1. It is recommended to use a single, or a maximum of two typefaces
2. Suggested ranges of font sizes:
 - poster title: 80 pts (preferably bold)
 - author name(s): 48-54 pts
 - headings: 36-40 pts
 - body text: 24-32 pts
 - figure captions: 20 pts

General instructions for presentation

1. Authors are responsible for printing their posters and bringing them to the conference venue.
2. The printed posters are to be set up at least one hour prior to the start of your session on the day you are scheduled to make your presentation.
3. Presenting authors are expected to stand by their posters during the scheduled duration of the session to answer questions from attendees/judges.
4. The maximum poster size is to be limited to **90 cm (W) × 120 cm (H)**.

Note: You will find your paper ID (**IC2023XXX**) placed on the poster boards in numerical order. Push pins would be available at site to affix the posters.

Three best posters chosen by a panel of judges on the basis of the technical content, organisation and overall presentation, will be rewarded with cash prizes and certificates.
